

# Flowerscape

A journey of self-discovery connecting  
with flowers and the healing energy of  
Mother Nature

# the Journey

Receive a unique message of inspiration for your life from the Botanical Kingdom.

Connecting with the infinite consciousness through the botanical kingdom is a gift I have been given.

This calling on my life happened 20 years ago in a powerful spiritual interlude with a tiny wild flower and the Spirit of Mother Nature.

These journeys I now facilitate using flowers and botanical elements, will open magnificent pathways within you. This will lead you on a journey back to the very essence of who you really are as you tap into the divine intelligence in nature...and your own soul.

An open heart

"Look at a tree, a flower, a plant.  
Let your awareness rest upon it.  
How still they are, how deeply rooted in  
Being.  
Allow nature to teach you stillness."  
- Eckhart Tolle
